

GSHA CONFERENCE SPONSOR:

EDUCATING ADVENTURES

Taking Schools Further

Welcome to Educating Adventures

EA is more than just your local travel agency - our team is dedicated solely to school group travel, so we guarantee you and your students get the best service and experience. We have been running international school trips for over ten years and have partnered with schools in the UK, Australia, New Zealand and Asia.

EA School Tours work with teachers across the globe to assist with planning, coordinating and managing the entire school trip process, enabling more schools to consider an educational school trip experience for their students. Our knowledgeable team on the ground at each of these featured locations will ensure a once in a lifetime trip and work with you to comprehensively cater to all learning objectives.

If you're considering or planning an international school trip, we want to assist you in this process, and make it as smooth and stress free as possible.

Hear from our clients

"The tour that Educating Adventures organised for us exceeded all of our expectations. From the very first email we sent simply enquiring about a tour, to the very last 'welcome home' email we received upon our return, the level of care and service we were given was exceptional. In particular, having the option of having a tour guide with us each day made the trip so much more enjoyable and relaxing, just by knowing that we had somebody on hand to help us when we needed it. From both the staff and students that attended, it really was one of the most incredible educational experiences we've all had to date."

Krystal Skelin - Prendiville Catholic College, New York, Orlando, Washington DC.
