

GSHA CONFERENCE SPONSOR:

ITSi is an EdTech company that puts education first.

We help schools and teachers to combine the academic rigour of curriculum content, commercially produced eBooks, with their own digital resources to offer a uniquely personalised experience for their learners.

Our patented solution helps to solve some of the biggest 21st-century challenges in education by:

making learning visible, removing fragmentation, bridging the gap between traditional and cutting-edge teaching through researched-based practices and enabling learning anywhere, anytime.
